

PRESS RELEASE

Boulogne, November 18, 2013

THE COLAS GROUP WILL BE PRESENT AT THE EXHIBITION FOR FRENCH MAYORS AND LOCAL AUTHORITIES FROM NOVEMBER 19 TO 21, 2013

*Paris Parc des Expositions at the Porte de Versailles
Hall 2.2 Booth A34 (Colas, Smac)
Hall 3 Booth 28 (Aximum)*

During the Exhibition for French Mayors and Local Authorities held at the Paris Parc des Expositions from November 19 to 21, 2012, the Group will present its road and urban development products, processes and equipment designed to:

- **preserve pavement:** **Colbifibre**[®] (reinforced crack-resistant structure combining a surface dressing and a micro surfacing), **Compomac**[®] (storable cold mix), **Colmat**[®] (micro surfacing) ;
- **improve safety:** **Rugosoft**[®] (optimized asphalt mix with heavy-duty, safety-enhancing skid resistance), **Rugocompact**[®] (compact, rough, high grip asphalt mix), **Scintiflex**[®] (sparkling surfacing to help differentiate zones), **Colclair**[®] (colored surfacing to materialize hazardous areas);
- **preserve the environment and reuse resources:** **Valorcol**[®] and **Novacol**[®] (retreatment, recycling, reclaiming pavement), **3E**[®] **asphalt mix** and **3E**[®]**+R** (asphalt mix manufactured and applied at low temperature), **Vegecol**[®] (mix made with plant-based binder);
- **make for a better living environment:** **Nanosoft**[®] (noise-reducing asphalt mix that absorbs vehicle noise), **Scintiflex**[®] (asphalt mix containing crushed mirror glass that reflects light), **Colclair**[®] (colored surfacing), **Sacerlift**[®] (process to renovate and preserve mineral surfaces).

In the field of road safety and signaling, **Aximum** will present several solutions designed to regulate traffic, optimize parking, protect users, and control speed: multi-media access management systems, pay-to-park equipment, speed cushions, guardrails, signaling, road marking, traffic signs, and police signs.

Smac will also be present at the Colas booth to highlight their expertise in the fields of waterproofing, roofing-siding, and mastic asphalt.

The Colas Group (www.colas.com)

Colas is a world leader in the construction and maintenance of transport infrastructure. With 63,000 employees in 50 countries on five continents, the Group performs 100,000 projects each year via 800 works centers and 1,400 materials production sites.

In 2012, Colas posted consolidated revenue at 13 billion euros (of which 44% outside of France) with net profit attributable to the Group at 302 million euros.
