**PRESS RELEASE**

**Sacerlift® by Sacer (Colas Group) wins Innovation Award at the 2011 Exhibition for French Mayors and Local Authorities**

The **Sacerlift®** process, developed by the Sacer network, won the Innovation Award at the 2011 Exhibition for French Mayors and Local Authorities in the Public Works/Roads category.

**Sacerlift®** is a silicon-based process designed for use in the renovation, maintenance and preservation of surfaces such as building stones, concrete, paving stones, bricks, etc. The process is particularly well suited for urban environments, such as city squares, downtown buildings, shopping areas, etc., where natural materials are used to highlight and conserve existing structures.

**The Innovation Award Ceremony will take place**

**Tuesday, November 22 at 6:00 pm**

**in Hall 3**

**at the Paris Parc des Expositions de la Porte de Versailles**

During the event, the Colas Group will be present at the following stands:

- stand C 14, Hall 2/2 (Colas)
- stand D 38, Hall 2/2 (Screg)
- stand C 26, Hall 2/2 (Sacer)
- stand C 26, Hall 3 (Aximum)
