

Boulogne, June 8th 2010

PRESS RELEASE

The Colas Group will be exhibiting at the Public Transport Tradeshow 2010 / European Mobility Tradeshow from June 8 to 10

Paris, Porte de Versailles Exhibit Hall – Stand D45

The Colas Group, world leader in construction and maintenance of transport infrastructure for urban (tramways, bus lanes, subways, bike paths) and interurban (railways, ports, runways, roads and highways) projects, will be exhibiting at the Public Transport Tradeshow that will be held at Paris Parc des Expositions de la Porte de Versailles Exhibit Hall from June 8 to 10, 2010.

The Group's trademark road companies (Colas, Screg, Sacer) and its rail specialist, Colas Rail, will showcase their full range of offers in the fields of transport systems and urban development.

Backed by the complementary nature of its road and rail businesses, and its experience and expertise in Public Private Partnership contracts, Colas is now perfectly able to respond to the needs of decision-makers, users and neighboring residents for the design, construction, financing and maintenance of public transport projects.

In France, the Colas Group plays a major role in most urban mass transit projects (tramways, bus lanes, reserved-lane transport, high-service bus lines, subways) and rail projects (high-speed train lines, conventional rail lines), regardless of the type of contract (conventional contract, PPP, concession).

The Colas Group (www.colas.com)

The Colas Group is a leader in the construction and maintenance of infrastructure for transport, urban development and recreational facilities. With 71,300 employees throughout 1,400 profit centers in 40 countries on five continents, the Group carries out more than 100,000 projects each year, backed by a tight international network of quarries, emulsion plants and asphalt plants.

In 2009, Colas posted 11.6 billion euros of consolidated revenue (42% outside of France). The Group share of net profit amounted to 387 million euros.
