

Colas is completing its acquisition of the Frauenrath Group's road construction and recycling businesses in Germany

©Frauenrath Group

In accordance with a memorandum of understanding signed on March 19, 2026 and following approval of the transaction by the competition authorities, Colas completed the acquisition on May 29, 2026 of the road construction and recycling businesses of the Frauenrath Group, a family-owned company established in Germany since the late 19th century. This transaction is the first road company to be acquired in the country.

The Frauenrath Group's construction and recycling operations (road construction, urban development and circular economy) employ around 420 staff across its sites in Heinsberg (North Rhine-Westphalia) and Großröhrsdorf (Saxony) and generate a turnover of approximately 150 million euros (2025).

This latest acquisition follows Colas Rail's takeover in the summer of 2022 of the Hasselmann Group based in Thuringia, which specializes in the construction of railway tracks and rail infrastructure. The Colas Group can now be fully operational at the heart of Europe in the world's third-largest economy.

 **Colas (www.colas.com)**
Colas, a subsidiary of the Bouygues Group, is a major player in the construction and maintenance of transportation infrastructure and urban development. Colas covers the entire value chain: from industrial production to service offerings, including construction work. Thanks to its local presence in some fifty countries on five continents, Colas achieved a consolidated revenue of €16 billion in 2025, 59% of which is outside France. With its 62,000 employees, a network of 2,000 operating units comprising 3,500 production units, and nearly 60,000 projects per year, Colas is the trusted partner of its customers. Colas maintains its pioneering, innovative and responsible spirit to connect people and foster sustainable development of territories.
